2009 BUSINESS MANAGEMENT SEMINAR

GovGuam Procurement Process Primer: Procurement Lore or Procurement Law

This seminar will provide an overview of GovGuam procurement processes - from solicitation to protest to appeal. When the Office of the Public Auditor was given the authority to hear procurement appeals, it opened the way for a critical evaluation of GovGuam procurement practices. More importantly, the increased number of OPA procurement appeals and decisions has focused attention on the practical requirements of the Guam Procurement Act, and has begun to foster a regularized and uniform development of GovGuam procurement practices. Participants will gain serious practical insights as well as a resource for more substantive insight into the GovGuam procurement process.
