

# 2010 Small Business Seminar Series

The Guam Chamber of Commerce  
Small Business Focus & Development Committee  
In cooperation with the Guam Small Business Development Center  
presents

## SECURITY... Because it's Everybody's Business!

The first World Trade Center bombing in 1993 closed 350 businesses. 150 never re-opened. Other events such as widespread illness, vendor shut-downs, typhoons, flooding, earthquakes, fires and unawareness of security concerns can shut your business down as well. The question is...How quickly could you get back to work? Whether you work out of your home or an office building, a Business Continuity Plan and Security Awareness is your first line of defense against losses due to natural or human incidents! Join other managers and small business owners at this insightful seminar!
