WHO SHOULD ATTEND

- Owners or operators of a large or small business on Guam
- Individuals who have an interest in the Port of Guam's development or have ideas or opinions on how to improve operations and efficiencies
- Are curious about what opportunities will be created

PURPOSE

- To come together as a community to supplement the Port master planning process by stimulating constructive discussion on relevant planning issues facing the Port of Guam

DISCUSSION TOPICS

- The conference will bring experienced port planners, engineers and other experts to lead discussions in order to generate and draw from the best ideas and options on critical planning matters such as:
 - Logistical preparation to meet increased demand for Port capacity
 - Plant and Facilities upgrades
 - Finance issues
 - Operating productivity

KEYNOTE ADDRESSES

- Day 1: Mr. Anil Singh, General Manager of LCB Container Terminal 1 Ltd and CEO of LCMT Company Ltd., Thailand; Topic: *Future Trends in Global Ports*
- Day 2: CAPT Robert Lee, Acting Director, Joint Guam Program Office (Forward); Topic: *Meeting Port Capacity and Logistical Requirements for a Growing Military Presence on Guam*
